

Impact Report

Fiscal 2020 and Fiscal 2021

From Foster Care to First Home®

Impact Report

The onset of the COVID-19 pandemic was an unprecedented time for **Hearts to Homes**. We are grateful to our generous donors who made it possible for us to continue operations, bringing essential home furnishings to young adults aging out of foster care at one of the most difficult times in recent memory.

Our board members provided much-needed delivery support when our referring partners closed their offices and operated remotely. While **Hearts to Homes** continued operations, our focus was very much on being able to support the many young people who were referred to us. The production of an Annual Report was not possible. In its place, we provide the following statement of impact and recognition of our donors.

In fiscal 2020, **Hearts to Homes** provided essential home furnishings to 74 young adults who were aging out of foster care during very difficult times. In 2021, we provided essential home furnishings to 97 individuals. The following generous donors made it possible for us to turn empty apartments into comfortable and safe homes during this unprecedented two-year period.
